Dear Friends,

On 11th November 1947, Winston Churchill said, “Many forms of Government have been tried, and will be tried in this world of sin and woe. No one pretends that democracy is perfect or all-wise. Indeed it has been said that democracy is the worst form of Government except for all those other forms that have been tried from time to time....”

The word “democracy” has its origins in the combination of the Greek words “dēmos” (people) and “kratia” (power/rule), and therefore means roughly “the rule of the people”. This is best understood as a contrast with the word “aristocracy”: the Greek word “aristos” means “best” and the compound word sought to describe “the rule of the nobility.”

National governance in our land has moved from aristocracy to democracy. We might note briefly that the roots of our democracy may be traced to the Magna Carta of 1215, which allowed for a council of 25 Barons to over-rule decisions made by the king, by force if necessary. Ironically, this was immediately overturned by the king and largely forgotten! The journey to democracy was slow – it was 1928 before universal suffrage was granted.

Under our present system, the “rule of the people” is usually limited to the election of representatives who then make most of the decisions. Occasionally, a referendum is arranged with the express purpose of revealing what the people really want. And here’s one reason why democracy is not perfect: whether in a general election or a referendum, “X-Factor” or “Strictly Come Dancing” TV poll, people vote for many reasons. They forgive the singer’s wrong notes because they have been won over by their tragic backstory. They find it more entertaining to watch Anne Widdecombe being dragged around the floor than a competent dancer doing well with a difficult routine. They vote for or against Brexit not only because they genuinely think that leaving or remaining is best, but because their friends are; because they’re scared of the unknown; because they’re sick of being treated like second-class citizens. Votes don’t always tell us what people want. But they do create losers. And when results are close or the matters are important, anger is a natural response.

Continues over leaf

The Rector's Letter Continued

Churchill's comment highlights something really important: we live in a world of sin and woe. The Bible tells us this, too. It teaches that the world is broken because we are broken. No wonder, then, that any system of government that we might try will fail to be perfect or all-wise. If Churchill is right and democracy is the least-bad system of government, then despite the angst we are experiencing as a nation right now, we could be in a worse situation. We might strongly disagree with them, but I would encourage us to pray for our elected representatives – that God might have mercy on them and grant them wisdom as they try, in their brokenness, to find the least-bad solution to this vexed problem for us all.

Jesus taught his disciples to pray for God's kingdom to come – for His will to be done on earth as it is in heaven. In the final analysis, that's Theocracy not democracy. But better to have a loving God's perfect will shaping our world than our own corrupted choices...

May you find confidence in God's faithful love in these uncertain times,

Mark Dunstan

THERE BUT NOT THERE

Fear not, Wareside's 'Tommy' has not been captured and taken away by dark forces in the night. After standing sentry up at the Wareside War Memorial for two months he has now been taken off active duty after raising a grand total of £2,183 for various military charities.

A big thank you to all those who gave so generously in support of this noble cause. He promises to return to active service again later in the year.

The Mayor.

School children celebrate unveiling of newly resurfaced playground

On 9 January, VolkerHighways' managing director Alistair Thompson joined the children of Wareside C of E Primary School for the grand opening of their newly resurfaced car park and playground.

Situated in the small village of Wareside, Hertfordshire, the school is attended by 46 children from the local area. Until recently, weather damage and repeated use had left both the school's carpark and playground in a poor condition.

Potholes and uneven ground created large waterlogged areas during heavy rainfall and navigating the spaces became hazardous. Insufficient drainage systems further exacerbated the problem during the winter months.

The school reached out to VolkerHighways, whose head office is located in the nearby town of Hoddesdon. As part of their social value commitment to the communities in which they work, the business offered to resurface the school's car park and patch the playground.

In addition to VolkerHighways' contribution, Tarmac generously supplied the materials at a reduced cost. The works were completed over two days at the start of January, whilst staff and pupils were enjoying their Christmas holidays.

When the children returned in the New Year, they created a photo album of the works, which was presented to Alistair at the opening ceremony, along with hand-written thank you letters:

"Thank you very much for resurfacing our playground and car park. We really appreciate you coming in and giving us your time, to make our school a better environment."

Reenie, Year 5

"We really appreciate you coming to Wareside in the holidays. We are very grateful that there are no puddles now. When we used to throw a ball it sometimes landed in a puddle and we couldn't always get it out."

Libby, Year 6

Miss Kanchana Gamage, headteacher of Wareside C of E Primary School, said: “We are incredibly thankful to VolkerHighways who helped us transform our school car park and parts of our playground. The entrance to our school is now safe and a welcoming and attractive space. It’s made such a difference to our school. All schools are constrained with budgets but as a small school we are even more so. It’s due to the generosity of businesses such as VolkerHighways that we are able to undertake such works. As a school community we are privileged to have been able to benefit.”

Class 2

The children are travelling to the perishing poles this half term in Class 2 to embark on an exciting new journey as 'Explorers'. We're currently writing an explorer's guide to Antarctica and gathering a wealth of information about famous Arctic explorers; ready to write our own biographies.

The children loved exploring magnetism in Science and have made their very own compass. We are looking forward to our visit to the 'Scott Polar Research Institute' in Cambridge to enhance our understanding of the Polar Regions.

In Class 1, we boarded a flight to sunny Australia. We have been learning all about the famous explorer Captain Cook and about the different places he visited and discovered including 'New Holland' which is now known as Australia. We looked at the different routes that he took and followed his journey on a map. We then completed a map, showing where the seven continents and five oceans are located.

In science, we have been sorting and classifying Australian animals. Children learned facts about mammals, reptiles, amphibians, birds and invertebrates and then sorted the animals (themselves wearing masks) into different groups.

EYFS at Wareside

In Early Years, from Pre-school to Reception, the children have been exploring the seas in their role play pirate area. We've 'walked the plank' and 'climbed the rigging' on our gym apparatus, have enjoyed making treasure maps, discovered and counted out gold coins and jewels.

And there's still more learning adventures to be had this term!

WARESIDE ART CLASSES IN THE VILLAGE HALL

Art classes in the village hall restart in February and will continue every 2nd and 4th Wednesday morning of the month from 10am until noon. We are a friendly, welcoming group and we do need more people. I have paints and brushes you can use and paper and canvases to buy at very cheap prices. I also have a lot of reference material you can use. So don't be put off if you don't have materials or have never painted before come and enjoy yourself we don't judge we just encourage each other. Often I do a demonstration at the beginning. If you are an expert in any medium you are also welcome. So far we have tackled subjects such as still life, magnolias, seascapes, skies, mountains and a white lion amongst other topics. We have worked in acrylics, oils and watercolour but all media are welcome. Tea and coffee are available.

The cost is £12 per session.

Today there is much we take for granted that our ancestors would not have done – for example the availability of fresh running water. In 1786 it was recorded that during an attempt to reposition a Dunmow water pump “the gentlemen of the Mob Classes were determined it should not be moved . . . a great mob got together and a great riot ensued.” The riot led to 12 people being imprisoned in Chelmsford Gaol.

Throughout the Hundred Parishes there are numerous surviving examples of water pumps that once served a small local community. Many are listed.

In Ugley Green, beside a large puddingstone, stands a village pump that dates from around 1800 AD.

Westmill village in Hertfordshire has a pump, dating from about 1900. It stands on the village green and carries the inscription “Traverse the desert and then you can tell what treasure exists in the cool deep well.” This is an extract from a poem, Water, by Eliza Cook.

To commemorate Queen Victoria's Jubilee in 1887 the village pump was erected in Little Dunmow. It is now listed and is a fine example of Victorian design.

The communal village pump at Pump Green, High Easter has been sensitively renovated, having been in use until the 1930s. It stands in the shade of a lime tree planted to commemorate the coronation of King George V in 1910.

A 19th-century pump stands in the road in the centre of Hunsdon's conservation area in front of 16th-century Pump House.

Thaxted and Great Dunmow have similar, rather grand, 19th-century pumps in prominent positions.

I have mentioned just a few of the many and varied examples. There are plenty more to be 'spotted' around our beautiful area, some in obvious public locations and others in private gardens.
